Overview

Based in Boulder, Colorado, Dynamic Materials Corporation serves a global network of industrial customers through two core business segments: Explosive Metalworking and Oilfield Products; as well as a specialized industrial service provider, AMK Welding. The Explosive Metalworking segment is the world's largest manufacturer of explosion-welded clad metal plates, which are used to fabricate capital equipment utilized within various process industries and other industrial sectors. Oilfield Products is an international manufacturer and marketer of advanced explosive components and systems used to perforate oil and gas wells. AMK Welding utilizes various specialized technologies to weld components for use in powergeneration turbines, and commercial and military jet engines.
